### Coordinate Graphing - First Quadrant

The image shows a coordinate grid for the first quadrant. The x-axis is labeled 'x' and ranges from 0 to 34. The y-axis is labeled 'y' and ranges from 0 to 45. A large red 'LE' is overlaid on the grid. A black outline of a map of Italy is also overlaid on the grid, with its base starting around x=10, y=5 and extending to x=25, y=35.

**Coordinate Graphing - Four Quadrants**

A coordinate plane with a grid. The x-axis and y-axis are labeled with numbers from -10 to 10. A black silhouette of a basketball player is shown in a jumping pose, with a basketball in their hands. The player is positioned in the first quadrant. A large red 'SALE' watermark is overlaid diagonally across the entire grid.

Coordinate Graphing - Four Quadrants

worldknowledgete.com

A coordinate graphing grid with a large red 'SAMPLE' watermark. The grid is 20 units wide and 20 units high, with x and y axes labeled from -10 to 10. A black outline of a person is drawn on the grid, starting from the bottom left and moving upwards and to the right, ending near the top right. The person's head is at approximately (5, 10), and their feet are at approximately (-5, -5).

## Coordinate Plane – 4 Quadrants: Athlete (2)

**Directions:** Use the coordinates (ordered pairs) on the list to graph an Athlete (2) picture for Super Bowl. Plot each point, and then connect it to the next point. Color it.

START	START	START	START
