Coordinate Graphing - Four Quadrants

NAME: _____

©ColorDreamStudio

A coordinate plane with x and y axes ranging from -17 to 17. The x-axis is labeled 'X' and the y-axis is labeled 'Y'. The grid lines are spaced at intervals of 1 unit. A line drawing of a robot is centered on the origin. The robot has a rectangular head, a small square antenna on top, and a body with a central vertical line and two side arms. The drawing is symmetrical about the y-axis. A large red 'SAMPLE' watermark is diagonally across the image.

Coordinate Plane – 4 Quadrants: Leprechaun

Directions: Use the coordinates (ordered pairs) on the list to graph a Leprechaun picture for St. Patrick's day. Plot each point, and then connect it to the next point. Color it.

Coordinate Graphing - First Quadrant

NAME: _____

©ColorDreamStudio

A coordinate graphing grid for the first quadrant. The x-axis is labeled 'X' and ranges from 0 to 35. The y-axis is labeled 'Y' and ranges from 0 to 45. A large red 'SAMPLE' watermark is diagonally across the grid.
