X

Coordinate Graphing - First Quadrant

NAME: _____

©ColorDreamsStudio

A coordinate grid for the first quadrant, with x and y axes ranging from 0 to 35. A line drawing of a cartoon character is overlaid on the grid. The character has a large, rounded head with two large, square eyes, a small mouth, and a large, pointed nose. It is wearing a long, flowing robe and has its hands in its pockets. A large red 'X' is drawn over the character, indicating that the drawing is not to be colored.

Coordinate Plane – 1 st Quadrant: Vampire					
Directions: Use the coordinates (ordered pairs) on the list to graph a Vampire picture for Halloween. Plot each point, and then connect it to the next point. Color it.

x

y

Coordinate Graphing - Four Quadrants

NAME: _____

©ColorDreamStudio

A coordinate plane with a grid. The x-axis is labeled from -17 to 17, and the y-axis is labeled from -23 to 23. A large, stylized outline of a person is drawn on the grid. The person has a round head with two large, square eyes, a small nose, and a wide smile. They are wearing a long, flowing robe with a high collar and a small, decorative element on the left side. The person's arms are outstretched, and they are holding a small object in their right hand. A large, red, diagonal watermark reading 'SAMPLE' is overlaid across the entire image.

[illegible]

Coordinate Graphing - First Quadrant

NAME: _____

©ColorDreamStudio

A coordinate graphing grid for the first quadrant. The x-axis is labeled 'X' and ranges from 0 to 35. The y-axis is labeled 'Y' and ranges from 0 to 45. A large red diagonal watermark reading 'SAMPLE' is overlaid on the grid.
